CHAMELEON™

MULTI PURPOSE CONTRACTOR BODY

The Swenson Spreader Chameleon™ Contractor Body is an **all-purpose, all-season, all-in-one performer** with an attitude. Providing unsurpassed performance capabilities to match its ability to work hard, this **versatile** dump body will quickly prove to be an **invaluable** resource in the serious contractor's fleet of equipment. This **rugged performer** not only increases day-to-day productivity, but also **maximizes** the equipment investment year-round by generating **off-season revenue** with the included spreader attachment.

Certainly no one piece of equipment in the industry can match the versatility of the Chameleon. This single unit literally performs the operations of six pieces of equipment! So whether you have a crew of four or forty, and need to haul multiple pallets; deliver and spread mulch; spread salt or sand; dump large loads of material or carry light-weight, loose debris – the Swenson Chameleon truly does it all – all year round.

ONE BOX VERSATILITY, YEAR ROUND ATTITUDE

Swenson Spreader has long set the standard for providing the ultimate in reliable salt/sand spreader equipment in the industry. Now Swenson offers the most versatile contractor body available – right out of the box. Designed to install quickly and easily, the Chameleon Contractor Body provides years of trouble-free, low-maintenance, multi-tasking service – while making your business more efficient and profitable.

Imagine filling a wheel barrow full of mulch in less than ten seconds! Or a one yard skid loader in under a minute! Changing operations between

**** TRUCK, CHASSIS AND HYDRAULICS NOT INCLUDED WITH PURCHASE OF CHAMELEON.

jobs is a snap as well. It takes just two men less than ten minutes to completely convert the unit from flat bed to spreader and be ready to spread salt or sand! Its rugged, 10-foot bed has 12" fold down sides for skid loading while the unique three-way tailgate design provides unequalled ease of operation for rear loading and bulk dumping.

Safe, reliable and a cinch to clean, the versatile, labor-saving and time-saving Chameleon replaces six pieces of equipment while greatly reducing your capital investments and maintenance expenses. Whether you're a landscaper, contractor, institution or municipality, the Swenson Chameleon Contractor Body is undoubtedly the right equipment for all the right reasons. And all of the seasons.
